12 **NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF ST. LOUIS AS**
13 **FOLLOWS:**

14 **SECTION ONE.** There exists within the City of St. Louis ("City") a blighted area, as
15 defined by Section 99.320 of the Revised Statutes of Missouri, as amended (the "Statute" being
16 Sections 99.300 to 99.715 inclusive, as amended) described in Attachment "A", attached hereto and
17 incorporated herein, known as the 4643 Lindell Blvd. Area ("Area"). The existence of deteriorated
18 property and other conditions constitutes an economic and social liability to the City and presents a
19 hazard to the health and well-being of its citizens. These conditions, therefore, qualify the Area as
20 blighted within the meaning of Section 99.320(3) RSMo, as amended, and are evidenced by the
21 Blighting Report attached as Exhibit "F" ("Blighting Report") to the Blighting Study and
22 Redevelopment Plan for the Area dated November 19, 2013, as revised March 5, 2014, which is
23 attached hereto, and labeled Attachment "B" and incorporated herein by reference ("Plan").

10 with the Minutes of this meeting.

11 **SECTION FIVE.** The Plan is feasible and conforms to the general plan for the City.

13 pertaining to the Area is necessary to enable the redevelopment activities to be undertaken in
14 accordance with the Plan, and the proposed financing plan for the Area is feasible.

15 **SECTION SEVEN.** The Plan for the Area will afford maximum opportunity, consistent

15 abatement pursuant to Sections 99.700 - 99.715, RSMo, as amended, upon application as provided
16 therein. In conjunction with the real estate tax abatement, any Redeveloper shall make
17 contributions to the current special business district wherein the property within the Area is located
18 for the calendar years of the abatement.

19 In lieu of the ten (10) year abatement outlined above, any Redeveloper(s) which is an urban
20 redevelopment corporation formed pursuant to Chapter 353 of the Missouri Statutes shall hereby be
21 entitled to real property ad valorem tax abatement for a total period of up to sixteen (16) years from
22 the commencement of such tax abatement, in accordance with the following provisions of the Plan:

1 If property in the Area is sold by the LCRA to an urban redevelopment corporation
2 formed pursuant to Chapter 353 of the Missouri Statutes, or if any such urban
3 redevelopment corporation shall own property within the Area, then for a period of up to
4 the first ten (10) years after the date such urban redevelopment corporation shall acquire
5 title to property in the Area, taxes on that property shall be based upon the assessment of
6 land, exclusive of any improvements thereon, during the calendar year prior to the calendar
7 year during which such urban redevelopment corporation shall have acquired title to that
8 property. In addition to such taxes, any such urban redevelopment corporation shall for a
9 period of up to ten (10) years make a payment in lieu of taxes to the Collector of Revenue
10 of the City in an amount based upon the assessment on the improvements located on the
11 property during the calendar year prior to the calendar year during which such urban
12 redevelopment corporation shall have acquired title to such property. If such property shall
13 be tax-exempt because it is owned by the LCRA and leased to any such corporation, then
14 such urban redevelopment corporation for such period of up to the first ten (10) years of the
15 lease shall make payments in lieu of taxes to the Collector of Revenue of the City in an
16 amount based upon the assessment on the property, including land and improvements,
17 during the calendar year prior to the calendar year during which such urban redevelopment
18 corporation shall lease such property.

19 For the ensuing period of up to six (6) years following the original period stated
20 above, any such corporation shall pay taxes and payments in lieu of taxes as provided
21 above in an amount based upon fifty percent (50%) of the then normal assessment of the
22 land and improvements. Thereafter any such corporation shall pay the full amount of taxes.

All payments in lieu of taxes shall be a lien upon the real property and, when paid to the Collector of Revenue of the City shall be distributed as all other property taxes. These partial tax relief and payment in lieu of taxes provisions, during up to said fifteen (15) year period, shall inure to the benefit of all successors in interest in the property of the urban redevelopment corporation, so long as such successors shall continue to use such property as provided in the Plan and in any agreement with the LCRA. In no event shall such benefits extend beyond sixteen (16) years after any urban redevelopment corporation shall have acquired title to the property. In conjunction with the real estate tax abatement, any Redeveloper shall make contributions to the current special business district wherein the property within the Area is located for the calendar years of the abatement.

SECTION FIFTEEN. Any proposed modification which will substantially change the Plan must be approved by this Board in the same manner as the Plan was first approved. Modifications which will substantially change the Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or to other items which alter the nature or intent of the Plan.

The Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA, provided that such revisions shall be effective only upon the consent of the Planning Commission of the City.

SECTION SIXTEEN. The sections of this Ordinance shall be severable. In the event that any section of this Ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this Ordinance are valid, unless the court finds the valid sections of the Ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that this Board would have enacted the valid sections without the void

- 1 ones, or unless the court finds that the valid sections standing alone are incomplete and are
- 2 incapable of being executed in accordance with the legislative intent.

A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

1. DELINEATION OF BOUNDARIES

The 4643 Lindell Blvd. Redevelopment Area ("Area") encompasses approximately 0.95 acres in the Central West End neighborhood of the City of St. Louis ("City") and is located on the north side of Lindell Blvd. between N. Euclid Ave. and N. Taylor Ave.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibits "B", "C" and "D" ("Project Area Plan").

2. GENERAL CONDITION OF THE AREA

The Area comprises a portion of City Block 3894.00. The Area is in fair condition. The parcel by parcel physical conditions within the Area are shown on Exhibit "B" ("Project Area Plan-Existing Uses and Conditions") and enumerated in Exhibit "F" "Blighting Report".

Unemployment figures, computed by the Missouri Economic Research and Information Center, Missouri Department of Economic Development, indicate a 9.9% unemployment rate for the City for the month of August, 2013. It is estimated that this rate is applicable to residents of the neighborhoods surrounding the Area.

There are currently no jobs within the Area.

3. PRESENT LAND USE OF THE AREA

Existing land uses within the Area include an unoccupied commercial building.

The land uses within the Area, including the location of public and private uses, streets and other rights-of-way, is shown on Exhibit "B".

4. PRESENT LAND USE AND DENSITY OF SURROUNDING PROPERTIES

The properties surrounding the Area are used primarily for residential and commercial purposes.

Residential density for the surrounding neighborhoods is approximately 11.96 persons per acre.

5. CURRENT ZONING

The current zoning for this Area which regulates existing structures is “H” Area Commercial District; however, new construction triggers the application of zoning overlay regulations under the Central West End Form-Based District Code (collectively, the “Zoning Code” or the “CWE Form-Based Code”). Under the CWE Form-Based Code, the Area is designated “Boulevard Type 1”, and new construction is regulated by the CWE Form-Based Code. The Zoning Code of the City is incorporated in this Blighting Study and Redevelopment Plan (“Plan”) by reference.

6. FINDING OF BLIGHT

The property within the Area is unoccupied and the Area is in the conditions described in Exhibit “F”. The existence of deteriorated property constitutes an economic and social liability to the City and presents a hazard to the health and well-being of its citizens. The preponderance of properties in the Area has been determined to be blighted within the meaning of Section 99.300-99.715 et seq. RSMo, as amended (the “Land Clearance for Redevelopment Authority Law”) as evidenced by the Blighting Report attached hereto, labeled Exhibit “F” and incorporated herein by this reference.

B. PROPOSED DEVELOPMENT AND REGULATIONS

1. DEVELOPMENT OBJECTIVES

The primary objectives of this Plan are to eliminate blight within the Area and to facilitate the redevelopment of the Area into productive residential and commercial uses.

The City Planning Commission adopted a Sustainability Plan on January 9, 2013. This Redevelopment Plan contributes to the sustainability of the City as outlined in the Sustainability Report (Exhibit G).

2. PROPOSED LAND USE OF THE AREA

The proposed land use for the Area is new construction with residential and commercial uses regulated by the CWE Form-Based Code. Specifically, the Use Tables in Section 5 of the CWE Form-Based Code identify the permitted and conditional uses for the Area, which is designated as Boulevard Type 1. Such permitted and conditional uses include residential and secondary retail. Redeveloper(s) authorized by the Land Clearance for Redevelopment Authority of the City of St. Louis (“LCRA”) shall redevelop the Area in accordance with the permitted uses or as modified by variance.

It is the intention of this Plan that any Redeveloper may seek a number of variances, including without limitation a variance to allow primary retail uses on the ground

floor as outlined in the Boulevard Type 2 column of Table 5.7 of the CWE Form-Based Code, except that any primary retail uses exceeding 3,500 square feet shall only be allowed as a conditional use and that all office uses outlined in Table 5.5 other than a residential leasing office shall be prohibited.

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area. The General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2012) designates it as a Specialty Mixed Use Area (SMUA).

3. PROPOSED ZONING

The proposed zoning for the Area is "H" Area Commercial District with the application of zoning overlay regulations under the CWE Form-Based Code. The CWE Form-Based Code designates the Area as Boulevard Type 1. All land coverage and building intensities shall be governed thereby.

4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City which includes the "Strategic Land Use Plan" (as amended 2012). Any specific proposal to the LCRA for redevelopment of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement, and improved employment opportunities.

5. PROPOSED EMPLOYMENT FOR THE AREA

There will be approximately fifteen (15) new full-time jobs and fifty-eight (58) new part-time jobs expected to be created in this Area because of the proposed redevelopment.

6. CIRCULATION

The Project Area Plan-Proposed Land Uses Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City Department of Streets, and all vacations of rights-of-way are subject to approval by City ordinance.

7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning Code, and stipulations of the Planning and Urban Design Agency ("PDA") of the City. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code.

The Redeveloper(s) shall redevelop the Area in accordance with this Plan and the Redevelopment Agreement (if any) ("Agreement"), and shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper(s) in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet these requirements may result in suspension of tax abatement.

8. URBAN DESIGN

a. **Urban Design Objectives**

The property in the Area shall be redeveloped such that it is an attractive residential and commercial asset to the surrounding neighborhood reflecting all conditions approved by the Preservation Board.

b. **Urban Design Regulations**

- 1.) **Rehabilitation** is not applicable, as the existing structure will be demolished.
- 2.) **New construction** or alterations shall be positioned on the lot so that any existing recurrent building masses and spaces along the street are continued as well as the pattern of setback from the street.
- 3.) **New Exterior Materials** on facades of structures in the Area visible from the street(s) shall be compatible in type and texture with the dominant materials of adjacent buildings. Artificial masonry such as "Permastone" is not permitted. A submission of all building materials shall be required prior to building permit approval.
- 4.) **Architectural Details** on existing structures in the Area shall be maintained in a similar size, detail and material. Where they are badly deteriorated, similar details salvaged from other buildings may be substituted. Both new and replacement window and doorframes shall be limited to wood or color finished aluminum on the street facing facades, including basement windows. Raw or unfinished

aluminum and glass block are not acceptable. Any awnings shall comply with the Zoning Code.

- 5.) **Roof Shapes** that are employed in a predominance of existing buildings in a block shall set the standard of compatibility for any proposed new construction or alteration.
- 6.) **Roof Materials** shall be slate, tile, copper or asphalt shingles where the roof is visible from the street. Brightly colored asphalt shingles are not appropriate.

c. Landscaping and Sidewalk Maintenance

The Area shall be well-landscaped. Perimeter street trees of a minimum caliper of 2-1/2 inches and generally 30-35 feet on center, depending upon tree type, utilities, curb cuts, etc., shall be provided along all public or private streets - preferably in tree lawns along the curb. If necessary, sidewalks shall be notched to accommodate the trees.

Ornamental trees shall be provided in the front lawns along with evergreen accent shrubs.

Existing, healthy trees shall be retained, if feasible. Sidewalks shall be repaired/replaced to insure safe walkability in the city.

9. PARKING REGULATIONS

Parking shall be provided in accordance with the applicable Zoning Code and Building Code requirements of the City, including PDA standards. This will provide adequate vehicular parking for the Area. The number of proposed parking spaces and locations of said spaces are set forth in Exhibit "H" Concept Plans.

The CWE Form-Based Code requires one parking space per residential unit and one parking space for each 1,250 square feet of space in excess of 7,500 square feet of secondary retail uses or one parking space for each 700 square feet of space in excess of 3,000 square feet of primary retail uses.

10. SIGN REGULATIONS

All new signs shall be limited as set out in the Zoning Code, Building Code, PDA stipulations, this Plan and the Agreement. A uniform signage plan must be prepared by the Redeveloper(s) for the entire Area. All new signs shall be restricted to those identifying the names and/or business of the person or firm occupying the premises.

11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City without the prior written recommendation of the LCRA.

12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public utilities may be required depending on redevelopment. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, general welfare, efficiency and economy of the City.

C. PROPOSED SCHEDULE OF DEVELOPMENT

It is estimated that the implementation of this Plan will take place in a single phase initiated within approximately one (1) year of approval of this Plan by City ordinance and completed within approximately three (3) years of approval of this Plan by City ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

D. EXECUTION OF PROJECT

1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer redevelopment of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law.

All costs associated with the redevelopment of the Area will be borne by the Redeveloper(s).

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper(s).

2. PROPERTY ACQUISITION
